Shelton's Marble Works! Cherry Street, Nashville, Tenn. THE undersigned would inform his friends and the public generally that he will continue the MARELE BUSINESS in this city, at his shop, next door to the office of the Union and American on Cherry Street, and calls at-Marble Monuments, Tombs, etc., Which he has on exhibition and for sale, embracing a reat variety, finished in the most superb man facture on the shortest notice, Marble Wantels; and every description of Marble Work, of the finest American and Italian marble. Its work will, as heretofore, be war-

ranted, and his prices to suit the times.

Jan9—tf M. L. SHELTON. The Greatest Invention of the Age. West's Patent Galvanie Cement. FOR ROOFING.

THE subscriber is now prepared to cover roofs of buildings, with a new and better article than ever before known. The public are aware that our tovern nent has had scientific men experimenting, and that it has been the study of the Architects and builders, for years, to discover an article for rooting purposes, that ould stand the sudden changes of the weather, and be impervious to fire and water, and remain a permanent fixing. As yet, nothing has been attained with out costing more than the people wish. The contraction, expansion and rusting of metal roofs, are so great less being repaired at great expense yearly. Shingles are not are proof, and can not be used on flat roofs, and the various Compositons and Coments that have been brought into use for rooting, do not stand the ac-tion of the weather, but they run when it is warm, and crack when frosty, and after one or two years become crumbly and worthless; whereas, the inventor of the A. M. Galvanic Cement, has labored twenty years to cond articles to obvinte those difficulties, and can testily free his long experience, and numerous testimonals free refinale persons, who have had his combination applie to their buildings, that his Cement is the cheape and best article ever before known. The combinate of this Cement is such that it is calculated for entire

new roots, flat or steep, covering over old shingles without removing them; lining cave-troughs, seaming around bettlements, chimneys and sky lights. Cover-ing car-tops, steamer-decks, &c. This Cement, by its non-conduction and gaivanism, prevents metal roots from rusting and unsoldering, and resists the extremes of heat and cold better than anything ever invented, or entire roofs or for covering metal and the out-side of wood buildings, making them fire proof. Its ap-pearance is like state; beautiful for the rich palace or he humale cottage.

The undersigned having secured the right to the State of Tennessee, will sell rights of Territory, by Countes r Towns, on reasonable terms; The subscriber is also prepared to cover roofs of buildings, in any part of the State, at short notice; This Roof is now being put on in this city, for the benefit of all concerned, and warranted to excel all other modes of Rosding. The subscriber has had his mode of Rooting testes as to its qualities, during the last year and a half in the city of Memphis, which has proved a disfactory, to which a number of the most prominent citizens can testify. For further information enquire at the office, where

Tenn.; or, address box 69, l'est-office, See testimonials of the following gentlemen who have used it, with hosts of others. W. S. BENNETT, PROFIDEROR. Attached is a note from Jons L. Mongay, Esq., Arch. Hect, by which may be seen the opinion of Mr. Samus Sloan, the celebrated Architect, and writer upon Arch thecture, whose experience with this most of roofing, without a doubt, is satisfactory to all.

Miserins, March 12, 1857.

Mis W. S. Benner.—When in Planetelphia 1a, a few days ago, I called upon Mr. Samuel Sleam, the co-obrated Architect, and author of the Sleam Work on Architect. ed Architect, and author of the Soam Work on Architecture. I usked his opinion as to the durability, &c., of West's Patent Roof, such as you are using in the city and New Orleans, during the presents eason, making to me that it is a good and durable roof, and febl.—tf in saying to me that it is a good and durable root, and is all that its advocates claim it to be; faither saying that he is using it on a line building for himself.

Real Estate Broker, No. 55, College Street, Nashvilla

Respectfully, JOHN L. MORGAN, Architect. OFFICE OF MISS. CESTRAL & TENN. R. R. CO. 1 This will certify that the M. C. S. T. H. P. Co. have purchased of Mr. W. S. Bennett, the right to use on their Cars, Bridges, Buildings, &c., &c., West's Galvanic Cement. Having seen it used and tested, I have no est covering now in use.

H. P. NFFLY, President M. P. NFFLY, Presid besitation in recommending it to be the best and cheap

ENGINEER'S AND GENERAL SUFT'S OFFICE, MERITINS AND CHARLESTON RAILBOAD. MENPINS, June 26, 1857. To When it may Concers: - this is to certify that the femph's and Charleston Radrond Company have purchased of W. S. Bennett, the right to prepare and use upon their Depots, Buildings, Cars, &c., &c., West's Galvanic patent fire and water proof Booling, and that we believe it to be an economical and durable cover-ing, having aiready had it in use for eight menths.

SAM. TATE, President. P. C. ARMS, Gen'l Supt. Masterns, March 2, 1857. W. S. BENNETT, Faq. - Dear Sir. - The facts within ou knowledge of the durability, &c., of West's Galvanic Coment; are these, The building you covered for us last Spring, I am happy to state, has answered our expectations. We can, therefore, recomm nd it to the public for all rooting purposes; as a light, cheap, fire and water proof roof. It does not get soft and run from the effects of the heat of the son; nor does it harden and crack from the effects of the cold. Any persons wishing to know more of this article, can call at our manufactory.

Carriage Manufactory, Menroe St., Memphis, Tenn MEMPHIS, Tenn., Dec. 8th, 1856 To Whom IT MAY CONCERN:-This is to certify that W. S. Bennett covered two roots for me last spring with a composition called West's Patent Galvanic Ce ment, one of them was a new deck, the other an old shingle roof, which are giving perfect satisfaction. He also repaired a domer window, who is leaked badly, and had baffied the skill of Carpenters to prevent its leak-ing, which he succeeded in making perfectly tight. I do most cheerfully recommend his mode of rooting to the public, for all rooting purposes, and believe it to be a permanent fixture against fire and water.

D. OKKRELL,

N. S. BRUCE & CO.,

Proprietor Commercial Hotel. SCPERINTENDENT'S OFFICE, MEMPHIS & OHIS R. R. MEMPHOS, TENN , Feb. 19, 1857. j. Mr. Bennert - Ilvar Sir - Our company having bea ubled very much with leaky cars, put some of you Patent Paint upon them, and so far as my knowledge extends, I can cheerfully recommend it to any who wish a dry roof of any sort.

H. COFFIN, Superintendent.

MEMPRIS, TENN., Jan. 14, 1857. Minimus, Tr.N., Jan. 14, 1827.

To the Public:—W. S. Betnett made application to us last Summer to cover our buildings with West's Galvanic Coment; it being a new thing, we thought we would try it; had it applied to our Blackson th Shop and Engine house, attached to the Foundry. They have proved all required of a water proof roof, having with stood some of the greatest stories, and are giving good. satisfaction. We can only add, try it and you will be satisfied. CURTIS & KNAPP, Iron Founders.

Memerins, Jan. 14, 1857 Mr. Bennett has done some small amount of roofing for me in his peculiar way, with Cotton stuff, coates with a preparation the basis of which appears to be a Coal Tar. It is a very effectual and light roof, and uppears to promise considerable durability, from the preservative qualities of the composition, which pends trates the cloth and protects a from the induced of the air and water. The Composition does not liquify and run from the effects of the heat of the sun in Summer;

nor does it harden and crack from the infine ST. ALBANS.

FOR SALE OR RENT. 'HIS is one of the handsomest improvements in Edgefield: it is within twenty minutes walk of the pretty scenery as can be found in this county. PATENT Elastic Fire and Water Proof CEMENT ROOFING.

THE undersigned is prepared to introduce into use in Tennessee W. E. CHILDS & CO'S PATENT

Architects and Builders ction of the atmosphere in every climate. It is im-pervious to water, clastic, and flexible. It contracts and expands with the changes of the atmosphere, and

will neither evaporate, crack nor rot; and, as to its durability, there is no question.

It is practically imperialiable, and will perfectly resist any ordinary external exposure to fire, as is fully and abandantly proven, and we will warrant it water proof. We will engage to put our Roofing on over or-dinary good sheathing, old shingles, tar and gravel, tin, zinc, copper, or iron roofs—it making no difference how steep or flat they may be—for seven dollars per e hundred square feet; it being far cheaper than any of of the old style, and we are sure it will give bet It will also be found to be the best thing ever incoofs, or around chimneys, scuttles, dormer windows and gotters, where the the is rusted through. This Cement can be put on to last as long as stone, and orm a period adhesion to any object to which it is opplied. The Roofs can be comented over (and waranted not to leak) at two dollars and fifty cents per American Livery & Hack Stable! and the square feet, which is cheaper and much bet-er than paint. This Roofing will be found to be the sest thing for covering large Roofs where they are ex-sest thing for covering large Roofs where they are ex-licated as steam Mills, Saw Mills, Facto-ies, Railroad Cars, Bridges, Depots, Station Houses, OWING to the pressure in money matters, I have reduced my prices lifteen to twenty-live per cent., for the hire of Saidle Horses, Buggies, Hacks, Cars,

unboat Decks, and in fact every kind of Roof wher perfect, without a joint in it, it presents no chance burn out without igniting.

\*\*Ensurance Offices at Cincinnati, and other places here Childs & Co's Cement has been used, insure utidings with Roofs covered with this Cement, at the one rates as for those covered with Iron, Copper or The Cement will be furnished to those at a disance with directions for using.

Orders sent to the undersigned, through the st Office will be promptly attended to. I would respectfully refer to the following gentle-

But first on the san liver, of the fells with

Roca's Remedy for Pulmonary and Tubercular Consumption. H AVING been appointed sole Agent for the sale of Don Geronimo Roca's celebrated Cure for Constarrion, the public will now be put in possession of one of the most extraordinary remedies extant for what has heretofore been considered an incurable disease.
I have the more readily undertaken the agency,

from the fact of its extreme simplicity—being an out-ward application, the action of which is seemingly in-raculous, and its having none of those attributes which make up the numerous compounds now in general With the utmost confidence in the success of this remedy, which has heretofore been used in private practice with great success, as is shown by numerous letters and certificates, is now offered to the public.

A pamphlet, containing directions, letters from distinguished individuals, and documentary evidences Inguished individuals, and documentary swidences from the physicians of the hospital of Havana, Island of Cuba, &c., will accompany the remedy.

These speak volumes in its praise, and publicity is only required to render it as popular as it is benefical. Address,

Sole Agent for the United States,

No. 341 Market street, Philadelphia.

Persons of Consumptive Habits, READ THIS!

TO THE GAFENBERG COMPANY: For the first TO THE GAFENBERG COMPANY: For the first time in my life I am induced to certify to the truly wonderful effects of a popular medicine, but in sending you the certificate I feel that I am only discharging a duty that I owe to the Græfenberg Company, and more especially to suffering humanity.

About the first of June last, I had a negro man taken with a cough attended with restlessness, spitting of blood, and other dangerous symptoms of consumption. I immediately called in a truly skillful and scientific physician, who told me it was a case of consumption. He treated him for several weeks, but he gradually He treated him for several weeks, but he gradually grew worse. I then had another physician of great reputation in lung diseases. He examined him, and also decided it to be a hopeless case of consumption, nd said it was useless to spend money in trying to

Totten's Weils, Tenn.

The Great English Remedy. Copaiba and Sarsaparilla,

Dosenous advantages not enjoyed by any other med cme for the cure of sexual diseases, which mus with an enlightened public render it assuredly highly popular, and a desideratum long sought for in the med-ical world. It needs no confinement or change of diet. In its approved form, that of paste, it is entirely taste-less, and causes no unpleasant sensation to the patient. If has acquired the utmost fame in almost every part of Europe; it has been examined, approved of, and f Europe; it has been examined, approved of an anctioned by the faculty of medicine, and recommen by J. W. THORN, Chemist, London, and for sale, wholesale and retail, by John A. Tannant & Co., Agents or the United States, 278 Greenwich street, New York inited States, the proprietor has adopted, as a precau-ion against imposition on consumers, a Label, of which
